

ENVIZAGE

SOLUTIONS FOR A BETTER FUTURE

CAPABILITY STATEMENT

- Application & Mobile/Web, Design & Development
- Data Visualization Services
- Managed IT Services
- Data Management
- Cloud Computing

For more than 15 years, Envizage, Inc has been streamlining business processes for organizations by providing user-friendly web solutions to increase the visibility & accuracy of data, accelerate speed of operations, and improve management decision-making across the enterprise. On average, we save our clients ~ 30% in operational expenses and a more than 25% saving in data integrity and database cleansing cost.

The services that provide the most value to our customers are Application/Mobile Design & Development, Cloud Computing, and IT Managed Services.

As a Minority Owned/Woman Owned Small Business, Envizage is committed to excellence and creating innovative and flexible solutions for our State and Federal clients.

What sets Envizage apart from the competition?

- Our Trained & Experienced People
- Performance-Based Processes
- Integrated Solutions Teams
- Client Relationship Management
- Strategic Mix of Technology and Business

CORE CAPABILITIES

Our technology experts and business professionals analyze, research, design, and implement IT Solutions in the areas of:

- Cloud Computing
- Application/Mobile Design & Development
- IT Managed Services

Cloud Computing

Our Cloud Computing Services focus on helping our clients avoid the capital expenditures and maintenance headaches that they would have if they developed the service themselves on-premise.. Our services include;

- Infrastructure as a Service (IaaS).
- Platform as a Service (PaaS).
- Software as a Service (SaaS).

Application/Mobile Design & Development

Our Design & Development services focus on employing best practices and considerable technology expertise to deliver web applications of various complexity: from one-page websites to enterprise software. We do our best to provide products that meet the customers' expectations and comply with all business requirements. Our services include;

- Web Application & Site Environment Design.
- Web Design & Programming.
- Mobile-Friendly & Hybrid App.
- Web Services Development.
- Content Management.

IT Managed Services

Our IT Managed Services focus on reducing the burden of your day-to-day IT operations and management with our seasoned staff. Our services include;

- Software Support.
- Business Continuity.
- Hardware Configuration & Disaster Recovery.
- Network Monitoring.
- Remote Management and Monitoring.
- Full-Service Help Desk.
- On-Site Field Engineering Services.

PAST PERFORMANCE (LAST 5 YEARS)

US Census Bureau, Service Delivery Framework Branch – SUBCONTRACTOR - Prime contractor: Attain, Inc

Contract# DOCYA132315BU0012 **Amount:** \$21,616,255.26(Our Portion \$1,876,160) **Period:** 01/21/2016 – 05/28/2020

Successfully developed a cloud-based service performance metrics dashboard with an accompanying data input tool and data simulator. This established the first IT Services Catalog at the U.S. Census Bureau and accompanying data input tool. We also created a very complex service portal that combined multiple tools and created a unique user-driven experience for each stakeholder to obtain service delivery information.

POC: Kelli Craig, Branch Chief, kelli.craig@census.gov, 301-763-7098

US Census Bureau, IT Program Management Office – SUBCONTRACTOR - Prime contractor: Attain, Inc

Contract# DOCYA132315BU0012 **Amount:** \$21,616,255.26(Our Portion \$1,876,160) **Period:** 01/21/2016 – 05/28/2020

Successfully developed a cloud-based document management system for the IT PMO to store and share all PMO related SOPs, policies, and other informational documents. The system received an Excellence in Innovation award from the Department of Commerce. Provided SharePoint & Project Server system administration support, development, and training services to assist in the PMO's Portfolio Management Initiative. Created several custom SharePoint & Power Apps Applications and SSRS/Power BI/Tableau Reports & Dashboards. Led SharePoint Online migration initiative from SharePoint 2010 environment.

POC: Amy Sheldon, Branch Chief, amy.b.sheldon@census.gov, 301-763-1603

US Census Bureau, Talent Management Office – SUBCONTRACTOR - Prime contractor: Attain, Inc

Contract# DOCYA132315BU0012 **Amount:** \$21,616,255.26(Our Portion \$1,876,160) **Period:** 01/21/2016 – 05/28/2020

Successfully developed, released, maintained a new cloud-based IT Training Request Approval portal which provides transparency, better workflow management, and performance metrics. Also developed a cloud-based peer-recognition application, where OCIO staff were able to recognize their co-workers for excellent work.

POC: Joy Babajide, Assistant Division Chief, joy.babajide@census.gov, 443-254-6965

Microsoft – SUBCONTRACTOR – Prime contractor: Countertrade

Contract# DOCYA132311SE0286 **Amount:** \$3,242,106(Our Portion \$844,800) **Period:** 09/01/2012 – 12/31/2016

Provided ongoing SharePoint, BI Reporting, and SQL Server database development and support services to the Microsoft SharePoint/Project Server team at the Census Bureau. Successfully developed, released, and maintained SQL Server / Project Server OLAP Cubes & Data Warehouse which is used to structure data for historical reporting analysis. Collaborated with System Administrators to aid in the management and administration of physical servers.

POC: Mason Schuler, EPM Project Manager, masonschuler@aeonnexus.com, 703-869-7594
